Breech Application for Approval of Study Abroad Experience

Student Name
Student ID number
Telephone number
E-mail address
Local Address
City, State ZIP

I wish to fulfill my study abroad experience with the following marked option:

☐ MGMT 205 Study Abroad for a year, semester, or stay of at least 21 days: This study abroad option would include formal enrollment in a University (Drury or other) study abroad program in any academic area.

Upon return from this trip, students will reflect in writing on their experiences abroad, as well as on the insights they gained in a global business environment. Past students have discussed changes in consumer habits, language and greeting differences, and complications with business transactions.

☐ MGMT 206 Study Abroad-Business/Leadership for a stay of at least 14 days: This study abroad program would require formal enrollment in a University (Drury or other) program with a focus on global business.

Upon return from this trip, students will write a report in which they compare business/leadership practices in the US with those of the country they visited. Students will also reflect on their interpersonal interactions with residents of the host country.

☐ MGMT 207 Study Abroad-Service Learning for a stay of at least 7 days: This program does not necessarily require formal enrollment in a University; it does, however, require affiliation with a formal agency or organization or some form of University sponsorship. Students may not complete this program on an individual basis. This will be an intensive immersive experience.

Upon return from this trip, students will write a report on the impact of a global business environment on the community they visited. In addition, students will describe the goal of the trip and its resultant outcomes. Finally, students will reflect on any lessons they learned from the socio-cultural interactions they had during the experience.

☐ MGMT 208 Study Abroad-International Student: Students from outside the US and studying business at Drury.

Students from outside the US and studying business are required to write a reflection about their experiences in the US and the insights they have gained into global business.

☐ MGMT 481 International Internship: 135-hour work requirement (3 credit hrs.): The study abroad requirement may be fulfilled by an international internship that meets Breech’s internship requirements. Only internships completed for class credit and with appropriate involvement by Career Services and the Drury study abroad program will qualify.

On completion of this internship, students will complete a paper in which they reflect on their experiences and insights they gained regarding global business.

(CONTINUED ON BACK)
Students applying for the MGMT 205, 206, 207, 208, or the MGMT 481, please provide the following information for the trip you wish to take.
