DUAL HEALTH DEGREE COHORT

Begins in August
Priority Deadline: June 1st
Cox College is committed to excellence by meeting the educational needs of students and the health care community.

Cox College has a rich history of providing quality health care education for more than 100 years.

Accreditations:
- The Higher Learning Commission, a commission of North Central Association
- National League for Nursing Accrediting Commission
- Commission on Collegiate Nursing Education (CCNE)
- Commission on Accreditation of Allied Health Education Programs (CAAHEP)

Full approval granted by Missouri State Board of Nursing
Drury University

- Drury is an independent university, church-related, grounded in the liberal arts tradition, and committed to personalized education in a community of scholars who value the arts of teaching and learning. Education at Drury seeks to cultivate spiritual sensibilities and imaginative faculties as well as ethical insight and critical thought; to foster the integration of theoretical and practical knowledge; and to liberate persons to participate responsibly in and contribute to a global community.

- Drury University is accredited by the Higher Learning Commission and is a member of the North Central Association.

- Drury continues to receive national and international recognition.
WHY A COHORT?

- Students will start at the same time and graduate at the same time.

- Students will become part of a community of learners.

- Provides a supportive environment that promotes higher retention and program completion.

- Fixed tuition rate: including fall, spring, and summer tuition and all fees.
FOUR YEARS, TWO DEGREES

Drury University

*Bachelor of Science in Health Science*

Cox College

*Bachelor of Science in Nursing*
WHY NURSING?

- The Bureau of Labor Statistics website predicts:
  - Higher than average job growth of 19% from 2012 to 2022

- American Nurses Association website states:
  - A Bachelor of Science degree in nursing “prepares graduates to engage in the full scope of professional nursing practice across all healthcare settings.”

- O*NET Online website states:
  - 1,052,600 projected openings from 2012 to 2022
  - Only 23% of Registered Nurses have a bachelors degree, meaning graduates of this program will be highly competitive with a Bachelor of Science in Nursing and Health Sciences, both.
