Graduates were employed, in graduate school, working for a service organization or voluntarily taking time off.

Students reported their internship successfully met their objectives.

Internship site supervisors would hire their intern if a full-time position were available.

Career Planning & Development surveys each graduating class with regard to their post-graduation status from their graduation month to six months after graduation. For the class of 2012-2013, the knowledge rate was 84%.

**EMPLOYER FEEDBACK**

“My intern was very well prepared academically and intellectually for her internship. I was very impressed.”

“My intern really went above and beyond any and all expectations that we had. A talented, strong and smart individual.”
