

**Jeanne Clery Disclosure of  
Campus Security Policy and  
Campus Crime Statistics Act  
Jan. 1, 2012 to Dec. 31, 2012**

**Drury University Safety and Security**

# **Campus Crime Report**

## **2012**

### **Drury University Safety and Security**

#### **Director: SARENE DEEDS**

This report is in compliance with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act."

#### **"Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act"**

The university will comply with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act". Any questions related to the implementation or the compliance of this public law (34 CFR Part 668) should be directed to the Vice President for Administration, located in Burnham Hall. The Vice President for Administration has been designated by the university to coordinate the institution's efforts to comply with the regulations effecting the implementation of this act. Springfield, Fort Wood, Cabool, Monett, Lebanon, Rolla, Ozark, St. Robert, Thayer, and Ava campuses will follow the same procedures unless specified.

Drury University is a safe, education-oriented and community-minded campus that maintains an academic and social environment conducive to intellectual and personal development of students and promotes the safety and welfare of all members of the campus community. Drury University is concerned for the safety and well-being of its students, employees and citizens. Drury University will cooperate with authorities in the enforcement of all applicable laws.

#### **Procedure for Preparing and Distributing the Report**

The Safety and Security Department has been designated by the university to gather the information and statistics related to the Act. The Director of Safety and Security will oversee the preparation and distribution of the annual report. The Security Department works with other administrative departments and law enforcement agencies, such as the Offices of the Dean of Students and the Dean of the College of Continuing and Professional Studies and the Springfield Police Department to compile the information and crime statistics. We encourage members of the campus community to use this report as a guide for safe practices on and off campus. The report will include crime statistics from the previous three calendar years. The report will be distributed to the university community by email and on the security web-site and can be accessed at <http://www.drury.edu/safetyandsecurity/pdf/CampusCrimeReport.pdf>. Brochures containing the report will be available upon request. In addition, all prospective students and employees are informed about the availability of the report through a statement on the respective applications. The Safety and Security Department will present educational programs to aid the university community in understanding the Clery Act.

The report will be published and made available by the start of the fall semester each academic year. The Director of Safety and Security will ensure that the annual report is submitted to the Department of Education by **October 1st** of each year.

## **The Safety and Security Department**

The staff of the Safety and Security Department consists of the Director, Associate Director, Assistant Director, Information Technology officer, Office Coordinator and seven fulltime non-commissioned patrol officers. Officers are available 365 days a year. The Safety and Security Department aids in enforcement of federal, state, local statutes and university regulations. While safety and security officers do not make arrests, the Safety and Security Department maintains a close working relationship with local law authorities. Officers do have the right to detain and identify any individual on university property. Safety and Security officers cooperate with and may request assistance from local law enforcement authorities when needed. The Safety and Security Department provides for the safety and protection of students, faculty, staff, visitors, and the environment. In addition, the department is charged with protecting property, enforcing university regulations, and maintaining order. The entire staff strives to serve the university community. The department's mission is to ensure a peaceful quality of life, establish a partnership with the community and support a safe learning environment, thereby contributing to Drury University's academic excellence. The Safety and Security Department is located in the Findlay Student Center 101, 900 North Benton Ave, Springfield, MO 65802. Students, parents, visitors, and employees are welcome to call at (417) 873-7400 or come by and visit.

## **Springfield Police Department**

Commissioned law enforcement at Drury University is provided, under a contract for services, by the Springfield Police Department (SPD). The SPD officers work out of a campus substation, and have full police power including authority to investigate any and all reports of criminal activity, full powers of arrest, and power to search. When the substation officers are not available for any reason, other SPD officers will respond to calls on campus. The University relies on its close relationship with local law enforcement agencies to receive information about incidents involving students on campus. The Safety and Security Department and the Springfield Police Drury Substation will actively investigate any crime information it received concerning or involving a member of the campus community. If the University is notified of a situation in which a campus community member is the victim of a crime, the department may issue a Campus Safety Alert, detailing the incident and providing tips so that other community members may avoid similar incidents. Drury University does not have any officially recognized student organizations with off campus locations.

## **Statement from the Director**

At Drury University, the safety and well-being of our students, faculty, and staff is always our top priority. Everyone on campus is involved in keeping the campus safe and secure. A truly safe campus can be achieved only through the cooperation of all students, faculty and staff. This report is part of our effort to ensure this collaborative endeavor is effective. We hope that you will read this carefully and use the information to help foster a safe environment for yourself and others on the Drury campus.

*Sarene Deeds*  
*Director of Campus Security*

## **Reporting of Criminal Action or Emergencies:**

The Drury University Safety and Security Department is responsible for loss prevention, safety, security and emergency response on campus. The Safety and Security Department is located at Findlay Student Center 101, on the north end of the Drury campus. Officers are available 24 hours a day. The department is staffed by security officers who have or are completing the State's minimum training program for police officers and/or have been trained and certified in pepper spray, pressure point control and defensive tactics.

Commissioned law enforcement is provided to the campus by the Springfield Police Department.

If a student, employee, or visitor believes criminal activity has taken place on university property, the Drury Safety and Security Department should be contacted by calling **873-7911 or 873-7400**, or the Drury Springfield Police Substation at **873-7541 or 873-7562**. Reports can also be made to the housing office (417-873-7645), Office of Greek Life (417-873-6854), Office of Judicial Affairs (417-873-6871) as well as an employee of Drury University to include student resident assistants and/or community assistants. The contact information for the Smith Hall resident assistant on call is 417-873-7000, Wallace Hall resident assistant on call 417-873-7700, Sunderland Hall 417-873-3018, and the community assistant on call is 417-873-7500. The Safety and Security Department will then notify local law enforcement authorities of any reported criminal activity occurring on campus. Incidents of criminal activity will be posted in the daily incident log.

Emergencies (e.g., medical, fire, crime, etc.) should be reported to the Springfield-Greene County Emergency Communications Department by dialing 911 and reported to the Drury Safety and Security Department by dialing (417) 873-7911. Drury University Safety and Security has direct telephone contact with the Springfield Police and Fire Departments and emergency medical services through security phone use of the 911 system.

Conduct or crimes which may need to be tracked for inclusion in the annual security report can be reported to any officer of the Safety and Security Department (417) 873-7400 or (417) 873-7911 or the Springfield Police Department (417) 873-7541 or (417) 873-7562. Drury University encourages pastoral counselors and professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Reports made to the Department of Safety and Security are public records under the law. Although names, addresses, etc., and personally identifiable information can be restricted, the fact of the incident occurring itself cannot be held in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to the Dean of Students office (417-873-7215), housing office (417-873-7645), Office of Greek Life (417-873-6854), Office of Judicial Affairs (417-873-6871) as well as an employee of Drury University to include student resident assistants and/or community assistants. The University does have a policy stating an employee must share this information with the appropriate designated staff members. Employees in supervisory roles have a duty to report crimes or conduct which may be tracked for inclusion in the annual security report. Confidential reporting can also be made to [www.drury.edu/informationreport](http://www.drury.edu/informationreport).

The Drury University Safety and Security Department telephone number is distinctly found on campus maps and security pamphlets as well as being posted in many conspicuous places over the entire campus.

Reporting of crime at the Ft. Wood, Cabool, Licking, Lebanon, Rolla, St. Robert, Monett, Thayer, Richwood Valley, and Ava campuses.

If a crime occurs at the Fort Leonard Wood, Cabool, Licking, Lebanon, Rolla, Monett, Thayer, Richwood Valley, or Ava campuses, the local area Police Department should be notified. The center director and building coordinator will notify the area Police of any reported criminal activity occurring on campus or in the contiguous area. Contact information for these campuses are as follows:

- Fort Leonard Wood Campus, 573-329-4400
- Cabool Campus, 417-962-5314
- Licking Campus, 417-962-5314
- Lebanon Campus, 417-532-9828
- Rolla Campus, 573-368-4959
- Monett Campus, 417-235-2007
- Thayer Campus, 417-264-2731
- Richwood Valley Campus, 417-447-7700
- Ava Campus, 417-683-1501

The daily incident log will be maintained by the center director and building coordinator, and reported to the Director of Safety and Security in Springfield, MO.

## **Crime Reporting**

Numerous efforts are made to advise members of the campus community, on a timely basis, about campus crime and crime related problems. These efforts will include the following:

1. Annual Report - a comprehensive annual report of crime related information is compiled, published, and widely distributed. This annual report is available to the media and any member of the campus community and is distributed on October 1 of each year. Crime statistics are updated monthly on the Safety and Security Department web site.
2. Student Newspaper - the student newspaper, Drury Mirror, publishes a summary of criminal incidents. If a serious or unique crime has occurred, a special article usually is printed in the student newspaper.
3. Special Alerts - if circumstances warrant, special printed crime alerts can be prepared and distributed, either selectively or throughout campus, or special informational meetings can be held, either selectively or throughout campus.
4. Mass Emails and Cell Phone Text Messaging – if circumstances warrant, mass emails and/or cell phone text messages can be issued to the campus community.

## **ONLINE RESOURCES**

- **CONFIDENTIAL REPORTING:** Concerned Drury citizens may report possible incidents or information relating to an incident at [www.drury.edu/informationreport](http://www.drury.edu/informationreport)

## **EDUCATIONAL PROGRAM OPPORTUNITIES**

In support of this policy, the university shall conduct periodic orientation and educational programs for faculty, students and staff to ensure a healthy academic, social and work environment for all Drury citizens. University employees and students must take an active role in their personal safety and security Drury Security does offer briefings on safety and security during Freshman First Day to all parents and students attending, as well as during Freshman Orientation the first weekend of school. Safety and Security officers as well as Springfield Police with the Drury Substation are available on request to address the following crime prevention programs:

- Personal Safety
- Theft Prevention
- Sexual Harassment and Rape Prevention
- Responses to armed intruders as in A.L.I.C.E. (Alert Lockdown Inform Counter Evacuate)
- Alcohol and Drug policies

More information can be found on the Crime Prevention and Campus Safeguards' link <http://www.drury.edu/multinl/story.cfm?ID=23140&NLID=87>

## **RESPONSIBILITY & COOPERATION FOR REPORTING INCIDENTS**

Any person who feels that he or she or another person has been the victim of an incident or involved in a questionable situation involving a Drury student, university employee or Drury citizen on Drury property, at any Drury activity or at any activity that an observer would associate with a Drury student, university employee or Drury citizen must immediately report the incident to the appropriate staff member, such as Residence Life staff, Greek Life staff or Security staff, or complete the online reporting form at [www.drury.edu/informationreport](http://www.drury.edu/informationreport). Drury will investigate all reported incidents and take appropriate action.

Students, university employees and other Drury citizens are required to cooperate fully with any investigation by or at the request of Drury University. Full cooperation is defined as complying with the requests of the university at the time of the incident and throughout the duration of the investigation. These requests include, but are not limited to: being available for formal questioning relating to the incident, releasing relevant information to the university and allowing university officials access to information surrounding the incident which may directly impact the safety and security of Drury students, university employees and other Drury citizens.

Information provided to Drury University during an investigation will not be released to a third-party unless mandated by law. Drury University investigations are for the purposes of Drury University only.

## **Access to Campus Facilities**

Most campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal hours of business, Monday through Friday. Access to campus buildings and facilities after normal business hours is available by obtaining an after-hours pass from the Director of

## Safety and Security.

The exterior doors of the student residence halls are locked 24 hours a day. They are accessible by card access.

### **Maintenance and Security of Campus Facilities**

The University maintains a strong commitment to campus safety and security. Exterior lighting is a very important part of this commitment. Motor vehicle parking lots, pedestrian walkways and building exteriors are well lighted. Formal surveys of the exterior lighting on campus are conducted by security officers on a daily basis. A comprehensive survey of all exterior lighting is conducted at least once a year. Members of the campus community are encouraged to report any exterior lighting deficiencies to the Safety and Security Department at 873-7400, or ext. 7400. Safety and Security officers conduct surveys of exterior doors and locks on a nightly basis. Crime prevention officers' conduct a comprehensive survey of doors and locks on an annual basis. The purpose of this survey is to ensure that each exterior door and its locking mechanisms are working properly.

- Exterior doors on campus buildings are secured and rechecked by security officers on a nightly basis.
- Shrubbery, trees and other vegetation on campus are trimmed on a regular basis.
- Parking lots and areas are actively patrolled by security officers on a regular basis.

Drury University Safety and Security has a close, fully established and well-respected working relationship with the Springfield Police Department as well as other federal, state and county law enforcement agencies.

Information regarding criminal activities involving off-campus student activities and organizations is readily available through the central record's division of the Springfield Police Department. This information is reported on a regular basis to the Director of Safety and Security and is made available to the University administration.

Parking and traffic control, loss prevention, investigation, safety and security and emergency responses are provided by the Drury University Safety and Security Department. The Safety and Security Department is staffed with trained, noncommissioned officers.

All officers work in parking and traffic control, emergency response, safety and security of the students, faculty, staff, visitors and buildings, as well as provide escort services, motorist assistance and report safety and security concerns to the Director on a daily basis.

The area of loss prevention is primarily the responsibility of the Director of Safety and Security. The mission of loss prevention is to prevent accidents, crime and loss; to identify areas vulnerable to crime, fire and accidents and to design and implement programs to prevent them. The crime prevention officers also educate the University community on how to maintain a safe and secure environment.

All investigations are the primary responsibility of the Director of Safety and Security. Criminal investigations are conducted in conjunction with the Springfield Police Department.

All Drury University Safety and Security officers have the authority necessary to detain and identify persons on University property and investigate all incidents and enforce University policies, rules and regulations and report any alleged violations, including criminal activity.

## **Security Awareness and Crime Prevention Program**

It is the philosophy of Drury University that we would much rather prevent crimes from occurring than to react to them after the fact. A primary vehicle for accomplishing this goal is Drury's crime prevention program. The University's crime prevention program is based upon the dual concepts of eliminating or minimizing criminal opportunities whenever possible and encouraging students and employees to be responsible for their own security and that of others. The following is a listing of crime prevention programs and projects employed by Drury University:

1. Escort Program - provide an escort service, particularly during the hours of darkness, for those walking on campus.
2. New Student Orientation - a crime prevention presentation, accompanied by brochures and other printed material, is made to new students.
3. Residence Hall Security - crime prevention presentation, accompanied by brochures and other printed material, is made to residence halls on a routine basis.
4. Crime Prevention Presentations - numerous crime presentations are made throughout the year to various groups and organizations.
5. Printed Crime Prevention Materials - printed crime prevention brochures are provided to new students, faculty and staff.
6. Electronic Alarm Systems - are located in various buildings to provide detections of intrusion.
7. Security Surveys - comprehensive security surveys are made of the campus on an annual basis.
8. Facility Surveys - comprehensive surveys of exterior lighting, exterior doors and grounds are conducted by the department's crime prevention officer on an annual basis.
9. Crime Prevention Publicity - crime prevention articles and reports are routinely published in the student newspaper.
10. Rape Awareness and Education and Prevention - in cooperation with the Springfield Rape Crisis Center, rape awareness, and education and prevention presentations are made available to the campus community as well as video presentations.
11. Electronic CCTV camera systems monitoring the campus
12. Protocol for Sex Offenses - Drury University's Protocol for sex offenses can be found on the campus wide computer network. The network computers are located in the Springfield Hall on the Drury University campus, (accessible worldwide). They are accessible to students, faculty and staff members 24 hours per day and are available in most faculty and staff offices. Written copies of the protocol may be obtained upon request from the Dean of Students Office, Safety and Security Office, Personnel and Admission. Questions should be addressed to the Dean of Students or Director of Safety and Security.

The university will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report of the results of any disciplinary proceeding conducted by the university against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of the victim shall be treated as the alleged victim for purposes of this paragraph.

## MISSING STUDENT POLICY

In accordance with Section 485 of the Higher Education Act (HEA), every institution of higher education that provides on-campus housing must provide a missing student notification policy for those students residing in on-campus housing.

Anyone having reason to believe that a student living in on-campus student housing has been missing for 24 hours must report that immediately to one of the following individuals:

- Director of Safety and Security Sarene Deeds, 417-873-6868, [sdeeds@drury.edu](mailto:sdeeds@drury.edu)
- Dean of Students, Dr. Tijuana Julian, 417-873-7215, [tjulian@drury.edu](mailto:tjulian@drury.edu)
- Housing Office, Holly Binder, 417-873-7654, [hbinder@drury.edu](mailto:hbinder@drury.edu)

Any missing student report received by one of the above officials must refer it immediately to the Campus Security Department.

Every student who resides in on-campus housing shall have the option to identify a confidential individual to be contacted by the university in the event that the student is determined missing in accordance with the procedures outlined below. This person may be anyone and may be different from anyone already identified as a general emergency contact. The university will not assume that a general emergency contact is also a missing person contact. The contact information will be registered confidentially, and only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information. In addition to the confidential contact, if a student is under 18 years of age and not emancipated, the university must notify a custodial parent or guardian within 24 hours after the time the student is determined to be missing.

At the beginning of each academic year, Drury University will inform students residing in on-campus housing of the following:

- Students have the option of identifying an individual to be contacted by Drury University not later than 24 hours after the time the student has been determined to be missing. Students can register this confidential contact information through the Housing Office.
- If the student is under 18 years of age, and not an emancipated individual, Drury University is required to notify a custodial parent or guardian not later than 24 hours after the time that the student is determined to be missing.
- Drury University will notify the appropriate law enforcement agency not later than 24 hours after the time that the student is determined to be missing. This does not preclude the university from making a determination that a student is missing prior to the expiration of 24 hours.
- If Drury University Security or law enforcement personnel have been notified and make a determination that a student who is the subject of a missing person report has been missing for more than 24 hours and has not returned to campus, Drury University will initiate the emergency contact procedures in accordance with the student's designation.

Drury University will practice the following notification procedure for a missing student who resides in on-campus housing:

- Once Drury University receives a missing student report via the Dean's Office, Drury University Security, Housing Office or other source, the following offices will be notified:
  - Drury University Security

- Dean of Student's Office
- Housing Office
- Any official missing person report relating to this student shall be referred immediately to Security.
- If Drury University Security, after investigating the official report, determines the student has been missing for more than 24 hours, Drury University will contact the individual identified by the student, the custodial parent or legal guardian if the student is under 18 and not emancipated, and local law enforcement .

Upon notification from any entity that any student may be missing, Drury University may use any of the following resources to assist in locating the student. These resources may be used in any order and combination.

- Through the Housing Office, the Resident Assistants or Community Advisors may be asked to assist in physically locating the student by keying into the student's assigned room and talking with known associates.
- Security may key into the student's assigned room as well as search on-campus public locations (library, cafeteria, etc.).
- Security may issue an ID picture to assist in identifying the missing student.
- The Dean of Student's Office may try to contact known friends, family, or faculty members for last sighting or additional contact information.
- Student Affairs or academic departments may be contacted to seek information on last sighting or other contact information.
- Security may examine card access logs to determine last use of the card and track the card for future uses.
- Security may access vehicle registration information for vehicle location and distribution to authorities.
- Technology Services may be asked to look up email logs for last login and use of Drury University email system.
- If there is any indication of foul play, the local police department will immediately be contacted for assistance.

If campus security officials determine that a student for whom a missing person report has been filed has been missing for more than 24 hours, then within the next 24 hours, they must:

- Notify the individual identified by the student to be contacted in this circumstance,
- If the student is under 18 years of age and not emancipated, notify a parent or guardian, and
- Notify law enforcement.

This policy has been established to protect the integrity of the educational experience, encourage positive behavior and enhance the community commitment of Drury students, university employees and Drury citizens.

## **Sex Offenses**

The University educates the student community about sexual assaults, acquaintance rape and other forcible and non-forcible sex offenses through the following programs:

- S.A.F.E Program, (Self-defense Awareness & Familiarization Exchange) a free educational program encompassing strategies, techniques, options and prevention for the campus community.
- Safety Talks, a presentation at freshman orientation of policies regarding sexual assault and alcohol use.
- CORE 101, Sexual Wellness and Healthy Relationships, a mandatory class for all freshman on sexual assault awareness.

If you are a victim of a sexual assault, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment and report the assault in a timely manner. In addition to reporting the assault to Campus Security at 417-873-7400 or 417-873-7911, it can also be reported to any of the following university officials:

- Springfield Police Drury Substation, 417-873-7541 or 417-873-7562
- Title IX Coordinator, Scottie Siebert, 417-873-7854
- Dean of Students and Deputy Title IX Coordinator, Dr. Tijuana Julian, 417-873-7215
- Dean of College and Deputy Title IX Coordinator, Dr. Charles Taylor, 417-873-7225
- Assoc. Athletic Director and Deputy Title IX Coordinator, Barbara Cowherd, 417-873-7363.
- Director of Residential Life and Student Conduct, Matt Battaglia, 417-873-6871

Filing the report with a university official will not obligate the victim to prosecute the matter. Alternatively, the assault may be reported directly to local law enforcement authorities, 417-864-1810 or 911. University officials will assist the student in notifying either campus security or local law enforcement if the student requests that assistance.

Prompt reporting is important for the preservation of evidence relating to the assault. In that regard, victims are encouraged not to wash, douche, use the toilet or change clothing prior to a medical examination or interview by authorities.

The following counseling, mental health or other student services are available on or off campus for victims of sex offenses:

Ed Derr, Director of Counseling, Testing and Disability, Findlay Student Center 114, 417-873-7357.

Jenna Steele, Counselor, Findlay Student Center 114, 417-873-7357.

After an alleged sex offense, the university will advise the victim of the options for changing the victim's academic and living situations and will make those changes if requested by the victim and they are reasonably available.

University disciplinary proceedings are detailed in the *Student Handbook*. They provide, in part, that the victim and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding and that both the victim and the accused will be informed in writing of the outcome of the hearing. A student found guilty of violating the university's policy prohibiting sexual misconduct may be suspended or expelled for the first offense. The student also is subject to prosecution by state authorities.

## **Registered Sex Offenders**

Under provisions of the Campus Sex Crimes Prevention Act (CSCPA) of 2000, an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act (Wetterling Act), any person who is required to register under a state offender registration program must notify the state when he or she enrolls at an institution of higher education or is employed at such an institution, and must notify the state of any change in enrollment or employment at an institution of higher education. Sex offender registration information is to be transmitted from each state to the law enforcement entities where the registered sex offenders reside. In Missouri, the sex offender list is maintained at the county level. The web page for the Department of Safety and Security, <http://www.drury.edu/multinl/story.cfm?ID=3530&NLID=87> provides a link to the Missouri State Highway Patrol Registry Sex Offenders List, as well as the Greene County list. For other counties in the state of Missouri you can go to the Missouri State Highway Patrol Registry Sex Offenders List link.

## **Alcohol and Drug Abuse Policy**

The unlawful possession, use, or distribution of illicit drugs and alcohol by students or employees is prohibited on University property and in conjunction with University activities. Violation of this policy by students is a violation of Drury University discipline code, which may result in dismissal, suspension, or imposition of a lesser sanction. Sanctions may also include referrals for appropriate rehabilitation. Violations of the policy by employees can result in disciplinary action up to and including discharge. Violators may be brought before the local court system. Drury University Safety and Security officers will confront and may detain any persons they see illegally possessing, distributing, or consuming alcoholic beverages and/or illicit drugs on Drury University property. Campus Security enforces the state's underage drinking laws and federal and state drug laws.

Springfield police officers will enforce Springfield city ordinances and Missouri state statutes.

## **Prevention Programs**

In accordance with the Federal Drug-Free Schools and Communities Act Amendments of 1989, Drury University is required to establish a drug and alcohol prevention policy for its students and employees. Programs available or offices available for students needing assistance with drug, alcohol or counseling, include the following:

- Alcoholics Anonymous (AA) and Narcotics Anonymous (NA) groups meet weekly throughout Springfield. Questions regarding meeting days, times, locations, or type of meeting may be obtained from AA (823-7125) or <http://springfieldmoaa.org> and NA (866-7392).
- Drury University Counseling Center, Findlay Student Center 114 (417) 873-7357. Offers counseling services to students as well as the CHOICES program which offers an alcohol education skills class.
- Partners in Prevention is Missouri's higher education consortium dedicated to creating healthy and safe college campuses. PIP provides educational pamphlets relating to drug and alcohol abuse. Additional information about PIP can be found at <http://pip.missouri.edu/>.

- Community Partnership of the Ozarks, a local program which houses the Underage Drinking Task Force of Community Partnerships of the Ozarks. More information can be found at <http://www.commpartnership.org/anout.php>.

During freshman orientation information and programs are provided to students relating to alcohol and drug abuse. Drury's SPD substation provides safety talks and education at the beginning of the fall semester. For more information on alcohol and drug policies visit <http://www.drury.edu/communitystandards>.

## **EMERGENCY PROCEDURES**

### **Timely warning notices/Campus Safety Alerts**

In the event that a situation arises, either on or near campus, that in the judgment of Drury University Safety and Security, Drury Springfield Police Department Substation, in consultation with other administrative offices as appropriate, constitutes an ongoing or continuing threat to members of the University community, the security department will issue a "timely warning" notice, commonly referred to as a "Campus Safety Alert." Members of the community who witness, or learn of a crime or other serious incident on or near campus should file a report as soon as possible with Drury Safety and Security as well as Springfield Police Department as soon as possible so a Campus Safety Alert can be issued if warranted.

If community members report crimes or serious incidents to other University administrators, those administrators should notify Drury Safety and Security. The department will collaborate with these administrators to issue a Campus Safety Alert, if warranted.

### **Distribution of Campus Safety Alerts**

The Safety and Security department distributes Campus Safety Alerts, once the University determines that an alert will be issued, the department emails the announcement and posts it on its website (<http://www.drury.edu/security/>). If the alert involves an immediate threat an emergency text message will be sent as well as notification on DENA (Drury Emergency Notification Alert) will be posted on Drury's website. In the event of a situation that poses an immediate threat to members of the campus community, the Safety and Security department will utilize the emergency text messaging system RAVE, as well as campus wide emails to notify the campus community of an alert. The siren on the Springfield campus will also be activated if a critical incident or other emergency situation threatens the safety of the campus. The University will also post updates during a critical incident on Drury's homepage through DENA the Drury Emergency Notification Alert System. If the situation warrants, the University will establish a telephone call-in center staffed by University specialists who are trained to communicate with the campus community during an emergency situation.

The Director of Safety and Security or Springfield Police Department Drury Substation is responsible for issuing the emergency notification. These entities will, with the assistance of campus Crisis Management team if required, will determine the content of the notification. The University has prepared a wide range of template messages addressing several different emergency situations. Safety and Security will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident.

In those cases where there are no pre-determined template messages in the system, the individual issuing the alert will send develop the most succinct message to convey the appropriate message to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

## **Emergency response**

Drury University recognizes the need to be prepared for critical incidents. The Emergency Response and Evacuation plan establishes policies and procedures that will be employed upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. In order to ensure the various plans at Drury will work in an emergency situation, Drury participates in drills and exercises that include campus personnel, local law enforcement and other departments and offices who work together to prepare for, prevent, respond to and recover from emergency situations. The emergency action plan can be found on the Drury Safety and Security website link, <http://www.drury.edu/multinl/story.cfm?nlid=87&id=25397>.

The University conducts emergency exercises each year, such as table-top exercises, and tests of its emergency notification system (RAVE), testing of the siren in conjunction with Greene County Emergency Operations Center and the state-wide tornado drill. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually Safety and Security, Springfield Police Department, Springfield Fire and Rescue and local hospital ambulance services. All departments typically respond and work together to manage the incident. In connection with at least one test each year, the University will publicize to students and employees the University's emergency response and evacuation procedures.

## **Notification to the community about an immediate threat.**

Safety and Security and/or the Springfield Police Drury Substation will consult with other law enforcement or state and local emergency personnel as necessary to confirm the existence of an emergency or dangerous situation that poses an immediate threat to the health and safety of some or all members of the University community. Once confirmed, Safety and Security and/or the SPD Substation will collaborate as necessary with the appropriate University and municipal partners to determine the content of the message and will use some or all of the systems below to communicate the threat to the campus community. Safety and Security and/or the SPD Substation will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

RAVE (an emergency mass notification system that allows authorized Drury officials to send news and instructions to community members through text messages and emails within moments of a critical incident) and through DENA (Drury Emergency Notification Alert system on the Drury website). In the event of a serious incident that poses an immediate threat to members of the Drury community, the University has various systems in place for communicating information quickly (such notification may be related to the aforementioned warning notice). Some or all of these methods of communication may be activated in the event of an immediate threat to the Drury campus community. Students, faculty and staff can sign up online for RAVE on their MyDrury account at <https://my.drury.edu> under the "**Emergency Notifications**" tab. The University also will post updates during a critical incident on the University homepage.

Drury community members are encouraged to notify Safety and Security and the Springfield Police Drury Substation of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. Both of these departments have the responsibility for responding to and summoning the necessary resources to mitigate, investigate and document any situation that may cause a significant emergency or dangerous situation. In addition, both departments have a responsibility to respond to such incidents to determine if the situation does, in fact, pose a threat to the community. If so, federal law requires that the institution notify the campus community or the appropriate segments of the community that may be affected by the situation.

If the emergency or dangerous situation poses a threat to the community outside the campus, the University will notify them by utilizing the emergency mass notification system, RAVE, and DENA, the Drury emergency alert system for the Drury website, and campus wide emails.

### **Emergency evacuation procedures.**

An evacuation drill is coordinated by the Office of Residential Life and Safety and Security each year for the entire campus. The emergency response and evacuation procedures are tested at least once a semester, or twice a year for the residential halls on campus. Students learn the locations of the emergency exits in the buildings and receive guidance about the direction they should travel when exiting each facility for a short-term building evacuation and guidance about where they should assemble. The Office of Residential Life does not always tell the residents in advance about the designated locations for evacuations because those decisions are affected by time of day, location of the building, being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. Staff from the Office of Residential Life staff and Safety and Security are on the scene and will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of these evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Drury, evacuation drills are used as a way to educate and train occupants on fire-safety issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. The process also provides the University an opportunity to test the operation of fire alarm system components. Evacuation drills are monitored by Safety and Security and the University’s residential life staff to evaluate egress and behavioral patterns. Reports are prepared by participating departments that identify deficient equipment so that repairs can be made immediately. Recommendations for improvements also are submitted to the appropriate departments or offices for consideration of their emergency response and evacuation procedures.

### **Shelter-in-place procedures: What it means to “shelter in place”.**

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors become dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter in place” means to make a shelter of the building that you are in. In a longer-term emergency, this location can be made even safer and more comfortable with a few adjustments until it is safe to go outside.

### **Basic “shelter in place” guidance.**

In an incident occurs and the building you are in is not damaged, stay in an interior room until you are told it is safe to exit. If your building is damaged, take your personal belongings (purse, wallet, Drury ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit and use the stairs instead of the elevators). After you have evacuated, seek shelter at the nearest University building quickly. If Safety and Security, Springfield Police or fire department personnel are on the scene, follow their instructions.

### **How will you know to “shelter in place”.**

A shelter-in-place notification may come from several sources, including Safety and Security, Springfield Police Drury Substation, Office of Residential Life and other university employees utilizing the University’s emergency communication tools.

### **How to “shelter in place”.**

No matter where you are, the basic steps of “shelter in place” will generally remain the same. Should the need arise, follow these steps unless instructed otherwise by local emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of an emergency. If you are outdoors, proceed to the closest building quickly or follow instructions from emergency personnel at the scene.
- Locate a room to shelter inside. It should be:
  - a. an interior room;
  - b. above ground level; and
  - c. without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
- Close and lock all windows and close exterior doors.
- Turn off air conditioners, heaters and fans.
- Close vents to ventilation as you are able (University staff will turn off the ventilation as quickly as possible).
- Make a list of the people with you and ask someone (another faculty or staff member) to call and provide the list to Safety and Security so officers know who you are sheltering. If only students are present, one of the students should call and provide the list.
- Turn on a computer, radio or TV and listen for further instructions.
- Make yourself comfortable.

## **ACTIVE SHOOTER PLAN**

The Drury University Active Shooter Plan has been developed to ensure the safety of Drury University faculty, staff and students. It is the responsibility of all persons to read this plan and periodically review it in order to know what to do in case of an active shooter.

1. If safe to do so, EVACUATE!
  - Have an escape route and plan in mind
  - Leave your belongings behind
  - Keep your hands visible

## 2. HIDE OUT

- Hide in an area out of the shooter's view
- Block entry to your hiding place and lock the doors.
- Silence your cell phone and/or pager
- 

## 3. TAKE ACTION

- As a last resort, and only when your life is in imminent danger!
- Attempt to incapacitate the shooter
- Act with physical aggression and throw items at the active shooter.

**CALL 911 AND DRURY SECURITY, AT 873-7911, WHEN IT IS SAFE TO DO SO.  
WHEN POLICE ARE SECURING THE BUILDING,  
KEEP YOUR HANDS IN THE AIR AND CLEARLY VISIBLE.**

## **BOMB THREAT PLAN**

The Drury University Bomb Threat Plan has been developed to ensure the safety of Drury University faculty, staff and students. It is the responsibility of all persons to read this plan and periodically review it in order to know what to do in case of a bomb threat.

A bomb threat against the university may be made by telephone or letter. A telephone threat will come directly from an individual, from a law enforcement agency that has received the bomb threat, or someone who has become aware of such information.

### **DIRECT TELEPHONE BOMB THREATS**

If a bomb threat is telephoned directly to the university, the person who received the call should do the following:

- Keep the caller on the line as long as possible. Ask the caller to repeat the message. Make a record of every word spoken by the person on the phone. Do not hang up the phone. Emergency personnel will need the line open to attempt to trace the call.
- If the caller does not indicate the location of the bomb or the possible time of detonation, you should ask for this information.
- Inform the caller that the building is occupied and the detonation of a bomb could result in the death or serious injury of many innocent people.
- Pay particular attention to peculiar background noises, such as motors running, background music, and any other noise which may give a clue as to the location of the caller.
- Listen closely to the voice (male, female), voice quality (calm, excited), accents and speech impediments. Immediately after the caller hangs up, you should report this information to the Director of Security at 873-7400. Since the law enforcement personnel will want to talk first-hand with the person who received the call, he or she should remain available until they appear.

- If someone other than the switchboard operator receives the call, report the call to Security immediately.

### **INDIRECT TELEPHONE BOMB THREATS**

If a bomb threat against the university is received by a law enforcement agency such as the Treasury Department or the FBI, that agency will immediately contact the university. The switchboard will transfer the call to the Director of Security, who will initiate the appropriate form of action.

### **WRITTEN THREATS**

If a bomb threat is made through a written communication, the following steps should be taken:

- Save all materials, including any envelope or container.
- Once a message is recognized as a bomb threat, further unnecessary handling should be avoided.
- Every possible effort must be made to retain evidence such as fingerprints, handwriting or typewriting, paper and postal marks which are essential to tracing the threat and identifying the writer.

### **BOMB THREAT EVACUATION**

If the decision is made to evacuate a building, everyone should be moved to an area at least 300 feet out of the way of bomb disposal. Evacuated parties should remain in open areas and away from parked vehicles. After security has found the buildings to be vacated, they will lock all exterior doors and take up positions to prevent anyone from entering the area. They will also assist in unlocking doors as needed.

## **FIRE PLAN**

The Drury University Fire Plan has been developed to insure the safety of Drury University faculty, staff and students. It is the responsibility of all persons to read this plan and periodically review it in order to know what to do in case of a fire.

### **1. Fundamentals of Fire Prevention**

- Be clean. Maintain cleanliness and order in your meeting and event areas. Good housekeeping is the best protection against fires.
- Be alert. Early fire detection can prevent damage.
- Make it a habit to be alert for fire hazards and report all potential dangers to the student leader or campus advisor immediately.
- Be ready. Know where fire alarms, fire extinguishers, and fire hoses are located. If you see or smell smoke, report to the student leader or campus advisor at once, and secure any malfunctioning machinery.
- Know the floor plan of your area, the “safe” areas, and evacuation routes.
- Know exactly what your duties are.
- Only attempt to extinguish the fire if it is contained and will pose no safety risk to yourself or others.

## **2. What To Do In Case of Fire**

Pull the closest fire alarm and report the exact nature and location of the fire to Security at 873-7911. It is very important that Security be notified at once, as they need to meet and direct the Fire Department to the area of the fire. We cannot anticipate that the responding fire personnel will be familiar with the buildings on campus. Security will meet the fire department and direct them to the affected area.

Listed below is what you should do if a fire begins in the location that your student organization is using:

- Close the room door and do not turn out lights.
- Alert other persons in the area.
- Do not panic.
- Do not attempt to put out the fire.
- Evacuate the building but remain in the area to assist the fire personnel in locating the exact location.
- The student leader and/or campus advisor will make sure that all members and guests are alerted and out of the building.

## **TORNADO PLAN**

The Drury University Tornado Plan has been developed to insure the safety of Drury University faculty, staff and students. It is the responsibility of all persons to read this plan and periodically review it in order to know what to do in case of a tornado.

When a Tornado Watch is declared for Springfield, Missouri, this means that conditions are favorable for severe weather, which may include tornadoes. At this time, University Security personnel will monitor the weather alert radio and observe the weather; i.e., heavy rain, lightning, hail and possible funnel cloud formations.

The following staff members will be called and put on alert:

- Residence Life staff
- Greek Life staff

## **TORNADO WARNING**

When a Tornado Warning is issued, it means that a funnel or tornado has been sighted in the area and Springfield is in its path. The city sirens will sound and the university will immediately proceed with the tornado emergency plan.

At this time, all students, faculty and staff will proceed to the designated shelter areas and will remain in those areas until the warning is over.

Student leaders and campus advisors should direct students to these shelter areas. The Security Office will contact all residence facilities and campus offices that are open.

Security will patrol the campus, informing anyone on campus of the warning, and direct him or her to the nearest place of safety. Security will open the doors in the lower level of Findlay Student Center and establish a Command Post in the Security Director's Office.

## **TORNADO SAFETY GENERAL INSTRUCTIONS**

- Avoid any area with glass windows, doors or mirrors.
- Go to the lowest level of the building.
- Take a flashlight, a battery operated radio and tune in to the emergency Broadcast System station (KTTS is primary, and KWTO is secondary).
- If the tornado is upon you, crouch down and cover your head to avoid flying debris. (Most injuries and deaths in tornadoes occur from flying debris/glass.)

## **TORNADO SHELTER AREAS**

- **BAY HALL:** Proceed to Breech. Go to the first floor hallway. Stay away from any windows.
- **BREECH BUILDING:** Go to the first floor hallway. Stay away from any windows.

- **WARMACK FACULTY STUDIOS:** Proceed to the center of the building and stay away from any windows.
- **WEISER GYM:** Proceed to the lower level hallway, classrooms and racquetball areas.

If there is an event in progress, Security will use the public address system or bullhorn to direct each section to safety.

## **Crime Statistics**

Drury University believes that an informed public is a safety conscious public. Under the ruling of

the United States District Court for the Western District of Missouri, security records, including personally identifiable information regarding students, are available for public disclosure and release. The judicial order requires this disclosure under the Missouri Sunshine Law (construed to protect the name and address of the victim whose identifiable assailant is still at large). Drury University has security records access release guidelines.

Data collection began August 1, 1991, in compliance with the Campus Security Act of 1990. Drury University is in compliance with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act". Any person who believes that the requirements of the act have not been fulfilled should contact the vice-president of business administration. These policies and procedures are subject to change and revision at any time. Drury University aspires to provide every student with a truly safe and excellent experience.
