

Recommended Courses in Preparation for Medical School

1. MCAT preparation courses*
2. University of Missouri-Columbia
3. Kirksville College of Osteopathic Medicine
4. Saint Louis University
5. Kansas City University of Medicine and Bioscience
6. University of Missouri Kansas City

About the Program

The Still Scholars Early Acceptance Program allows students interested in osteopathic medicine to apply to A.T. Still University's Kirksville College of Osteopathic Medicine (ATSU) without MCAT requirements. This allows students to focus on leadership, experiences, internships, and coursework for the remainder of their years at Drury.

Students apply to the program during the spring semester of their second year. Following the submission of applications, students interview with the ATSU selection committee.

Admission Guidelines

- Students must obtain a cumulative and science GPA of 3.4 or greater
- Prior to starting the program, 75% of pre-requisite courses must be completed.
- Students must obtain a grade of "B" or above in all pre-requisite courses.
- Students must have shadowing or volunteer experience prior to acceptance into the program.
- Community service, especially in underserved areas, is required.
- Applicants must be sophomores with about 45 credit hours completed.

- Demonstrated leadership experience is preferred.
- Applicants must be full-time students.

Accepted students must maintain a 3.4 GPA.

Applicants must have completed the following courses prior to application into the Scholars Program:

Course	Duration
Drury Seminar	1 Semester
Molecular Biology	1 Semester
Genetics*	1 Semester
Inorganic Chemistry*	1 Semester
Analytical Chemistry*	1 Semester
Expository Writing	1 Semester
Evolution	1 Semester
Organic Chemistry*	1 Semester
Adv Organic Chem*	1 Semester
General Physics I	1 Semester
General Physics II	1 Semester

*Labs are included in the respective courses.

Application Requirements

- The application for admission to the Medical Scholars Program includes:
 1. Biographical information
 2. A completed evaluation form from a college premedical advisor or college faculty member.
 3. A completed evaluation form from a college faculty member, college staff member, or employer.
- College transcripts displaying grades through the sophomore year.
