Panther Service Cup

Application

The Panther Service Cup award was created to recognize the organization with the best overall community engagement programming. The criteria look at more than just the number of service hours performed by an organization; it identifies the impact and level of community engagement. Receiving this award not only honors the hard work and dedication of the organization, but can also serve as a tool for promoting the organization on campus and in the Springfield community and recruiting members, and applying for awards with a national/regional parent organization if applicable.

Please fill out the following packet of information based on your organization’s top three to five service and/or philanthropy events from Summer 2017 through Spring 2018. You may include a summary of all of your projects and efforts in the total count on the cover sheet below. If a question or criterion does not apply to your project or organization, please write N/A.

The final application is due Friday, April 13, 2018 at 12:00 PM to leadership@drury.edu. Questions should be directed to Ryan Gipson rgipson@drury.edu with Community Outreach and Leadership Development in FSC 117.
