Your Student Fee

An annual Student Activity Fee paid by every full-time day school student at Drury funds the Student Fee Treasury. For the 2017-2018 academic year, the fee will be $325 per student (the graphic below is of the 2017-2018 academic year). Drury assesses this fee in conjunction with the Student Government Association (SGA) that covers a small portion of the operating costs of the Barber Fitness Center and other initiatives on campus. The remainder of the money is allocated to student organizations and special projects by SGA such as the USA Today Collegiate Readership Program. Through the Allocation Process (described in Section II), student organizations in good standing may request money from SGA to fund their activities and programs.
