

**2020-2021** The Bachelor of Music Therapy (BMT) is designed for musicians who also have a strong interest in psychology and healthcare. The degree includes 8 semesters of coursework followed by a 6-month clinical music therapy internship required by the American Music Therapy Association. Following the internship, students are eligible to sit for the board-certification exam in music therapy and begin employment.

BMT students must pass all coursework required for the major with a C- or better. Students who do not pass the courses required for the major with a C- or better after two attempts will no longer be allowed to continue in the major.

Semester Course loads of more than 17 hours can be avoided by taking courses prior to entry that satisfy Your Drury Fusion Exploration requirements, meeting Your Drury Fusion Exploration requirements in the summer, selecting certificates that over-lap with Exploration requirements, or opting for a PYSC minor in place of a 2nd certificate.

FIRST YEAR SCHEDULE							
FALL				SPRING			
COURSE	COURSE NAME	HRS	FULFILLS	COURSE	COURSE NAME	HRS	FULFILLS
MTHP 102	Music Therapy Orientation	2	MTHP	MTHP 131	Intermediate Class Guitar	1	MTHP

MTHP 380	Music Therapy Internship I	3	MTHP	MTHP 480	Music Therapy Internship II	3	MTHP
Total Hours: 3				Total Hours: 3			

**The following are requirements for all music majors at Drury University, which includes the BMT:**

1. Complete all required coursework, earning a C- or better in all Music Therapy (MTHP) and Music (MUSC) courses.
2. Complete at least 8 semesters of a large ensemble that corresponds to a primary instrument. Transfer students must be enrolled in the corresponding large ensemble each semester at Drury up to 8 semesters - any remaining semesters will be waived.
3. Complete at least 8 semesters of study on a primary instrument and pass Applied Level IV on that primary instrument. Information concerning applied music levels can be obtained in the music major handbook.
4. Complete at least 8 semesters of Recital Attendance. This includes a minimum of 10 concerts/recitals during each of the 9 semesters including all faculty recitals and "Guest Artist Series" concerts. Transfer students must be enrolled in Recital Attendance during each semester at Drury up to 8 semesters - any remaining semesters will be waived.
5. Pass Music Therapy Skills Assessment I-III as prerequisites to Field Studies II-IV. Details can be found in the Music Major Handbook on the Drury Music Department webpage.
6. Pass the Level I Piano Proficiency required of all music majors. Piano lessons must be taken until this proficiency is passed.
7. Maintain a cumulative grade point average of 2.5. If a student's GPA falls below 2.5, the student will have one semester to re-achieve the 2.5. If the student does not, he/she will be removed from the major.

All students interested in majoring in music must perform and pass an audition before the music faculty. Students who do not pass this audition after two attempts will not be allowed to continue as a music major. The audition must be completed by the end of the first week of the student's first semester at Drury University. After four semesters of study in music, all music majors must pass a Sophomore Review (MUSC 211). Details regarding the requirements of the Sophomore Review can be found in the music handbook available in the music office or online.
