This is a suggested plan for students pursuing a Pre-Ministry and Community Engagement Major. All classes are three credit hours each. **Remember the six courses to complete the Theology, Culture and World Religion requirement must be taken from three different departments.** Course offerings vary from term to term, so students may take these courses in a different order. As a general rule, if you find a course you are interested in, take it when it's offered. Please remember if you have questions about when to take a course, consult with RELG faculty advisor.
