

Year Three

Evaluate & Network

- Update** your LinkedIn profile and CCN with any new activities or skills. **Work on polishing** your resume and creating a cover letter template you can customize as needed.
- Apply for and complete an internship. Visit **drury.edu/career/internships**.
- Investigate **graduate school** and, if you choose that path, prepare for you entrance exam. Search through **drury.edu/files/considering-graduate-school.pdf** to begin your search.
- Narrow **career direction** to a point that you can begin to choose the types of positions or graduate programs you are interested in pursuing.
- Consider completing a **study abroad experience**; apply for scholarships to help fund your trip.
- Learn about and practice for internship/job/professional school interviews with Big Interview at **drury.biginterview.com**. Make sure to record and watch yourself at least once.
- Attend the **job fair** and take your resume with you. Make an effort to connect with recruiters for internships, future full-time jobs and/or professional schools.
- Be intentional about your networking and consider **looking for a mentor** in your field. Build strong professional relationships with people who could be potential references for you.

Notes
